Two gracious families chose to contribute these funds to DOUBLE our blessings. To kick things off, you already helped us raise over \$7,800 in less than 24 hours on Giving Tuesday! If you haven't yet had the chance, please consider giving by clicking the DONATE NOW button below so we can reach \$15,000 before the New Year begins!

Our 2022 Babies

Andi's Story

As a child and throughout her teenage years, "Andi" shared with her mother that she didn't think she wanted to have children. So at 17 Andi wasn't sure she could go through with her unplanned pregnancy and become a mother.

However, she made the courageous choice to share the news with her mom and ultimately chose life for her little girl. After attending our classes and giving birth, we lost contact with Andi, until now. Andi's mom, "Rebecca", sent us a heartfelt message along with several pictures of her beautiful, nearly two-year-old, granddaughter.

This beautiful little blessing exists because her mother courageously chose life.

"I just wanted to reach out and tell everyone that helped Andi along her journey how sincerely grateful I am for the love you showed her. She chose to give life to an amazing little girl." Andi tried to parent, but, after much consideration, she chose to place her daughter in Rebecca's care, until she can provide a more stable home. "If it wasn't for all of the amazing people at the SHARE Center we might not have my granddaughter in our lives at all... and she might not have been able to touch all of our lives in such a positive way. I hold all of y'all so dear to my heart and pray that you all continue to touch the lives of so many young women to allow more blessings like my granddaughter into this world."

Andi maintains contact with her mother and daughter stating, "I didn't do this to be selfish. I did it because I knew I wasn't able to take care of my daughter like she needed. My mom says she's just holding my place until I feel I'm ready to step back in." If only more parents who feel unable to care for their children would make the same self-less choice of life and consider placing their children with loved ones or adoptive families, instead of aborting them. Please pray for this family and others like them, who will face the difficult decision of bringing life into this world, even when the circumstances are not ideal, but in the faith that God will provide the way.

Let's truly Celebrate this year's overturning of Roe v. Wade by reserving your seats beginning January 22, the 50th anniversary of this case that's taken the lives of over 60 million babies.

Celebrating Our Client's Successes

We feel blessed by our clients as they participate in prenatal classes, earn baby equipment and supplies from the boutique, engage in parenting classes where they enjoy baby massage and arts and crafts with their little ones, and even share in their joy of earning their higher education degree.

We'd like to welcome our newest SHARE Partner, Hollywood Crawford Garage Doors & Openers, as they join other local businesses and families who have chosen to commit to contributing at least \$300 per month for the next three years to The SHARE Center. Please be sure to thank these Partners the next time you see or do business with them! If you are interested in more information about becoming a SHARE Partner, contact Kim Barton at The SHARE Center.
